MISSION STATEMENT

The Arkansas Department of Education strives to ensure that all children in the state have access to a quality education by providing educators, administrators and staff with leadership, resources and training

Message from the Commissioner

*On behalf of the Arkansas Department of Education and the State Board of Education, I am pleased to present the **2006-2007 Arkansas Education Directory**. We know that Arkansans rely on this annual publication for the most up-to-date information for Department of Education staff, for superintendents and principals of Arkansas public school districts and schools, and for leaders of Arkansas education-related state agencies, organizations and associations. This publication represents just one small example of the Department of Education's commitment to the goal of meeting the needs of our citizens, as well as our education, policy and business leaders.*

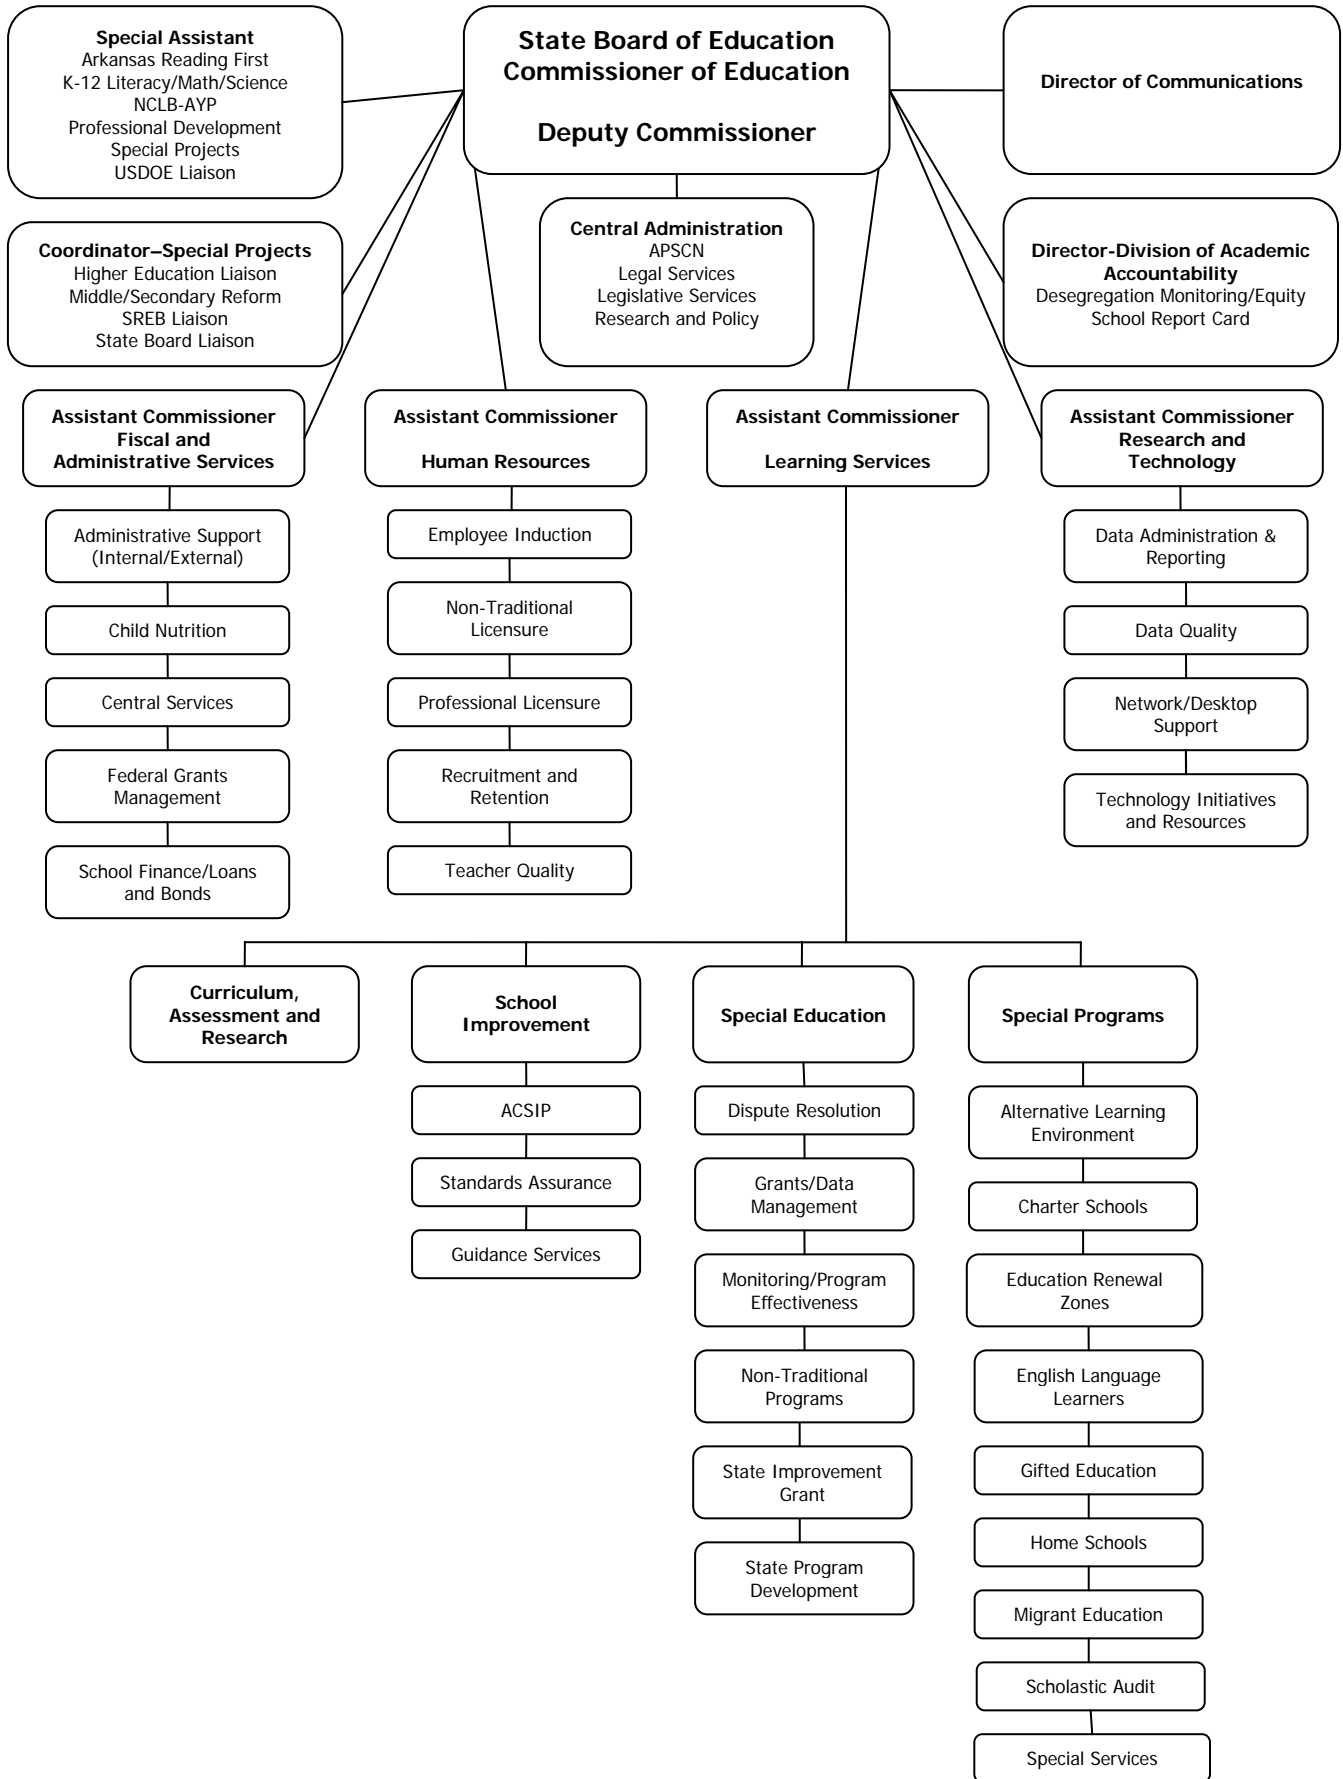

A handwritten signature in black ink that reads "Ken James". The signature is written in a cursive style with a long horizontal stroke at the end of the name.

It is the policy of the State Board of Education and the Arkansas Department of Education that there will be no discrimination on the basis of race, color, sex, age, national origin, religion or handicapping conditions in matters affecting employment or in providing programs.
